Sample received: **01/07/26**
 Analysis conducted: **01/15/26**

Compound:	Human chorionic gonadotropin (5000IU)	CAS:	9002-61-3
Batch/Lot #:	N/A	Formula:	Protein/Glycoprotein
Appearance:	White lyophilized powder	Mol Wt:	36.7 kDa

Method: Qualitative and Quantitative chemical analysis by Ultra High Performance Liquid Chromatography with Mass Spectrometry

Pubchem CID: 16131408

HCG | Glycoprotein | CID 16131408

	Specification	Result	
Identity Test:	HCG	HCG	Conforms
Purity:	>98%	99.20%	Conforms

Matrix-Assisted Laser Desorption/Ionization Mass Spectrometer

Analysis Performed by
